PROFESSIONAL SUMMARY

New graduate registered nurse with BSN preparation, 720 clinical hours, BLS certification, and focused experience in medical-surgical, telemetry, and community health settings. Prepared to deliver safe, evidence-based care with strong patient education and interdisciplinary communication.

LICENSURE & CERTIFICATIONS

Registered Nurse (RN), State Board of Nursing License active

Basic Life Support (BLS) | American Heart Association | Active

Advanced Cardiovascular Life Support (ACLS) Completion expected before start date

CLINICAL EXPERIENCE

Regional Hospital

Medical-Surgical Clinical Rotation Jan 2026 - Apr 2026

- Completed 180 hours caring for 4-6 adult patients per shift under RN supervision, including vital signs, focused assessments, medication administration observation, wound care support, and discharge education.
- Documented patient observations in an EHR training environment and communicated changes in condition using SBAR during preceptor check-ins.

Community Health Clinic

Population Health Clinical Rotation Sep 2025 - Dec 2025

- Supported preventive care visits, patient education, and resource navigation for diverse adult patients managing chronic conditions.
- Practiced motivational interviewing and teach-back techniques for medication adherence, nutrition, and follow-up appointment planning.

Regional Hospital

Senior Preceptorship, Telemetry Unit Apr 2026 - May 2026

- Completed 120-hour preceptorship focused on cardiac monitoring, fall prevention, medication safety, and interdisciplinary rounding.

Long-Term Care Center

Patient Care Technician Jun 2024 - Aug 2025

- Assisted residents with activities of daily living, vital signs, mobility support, and timely escalation of condition changes to nursing staff.

SKILLS

Clinical: patient assessment, vital signs, care plans, medication safety, wound care support, fall prevention
